

## TESTIMONIALS

**Relationship Reading & Healing** ~ "I was guided to Shenazz before i even contacted her, somehow i had a question and stumbled upon her as my healer. And the journey began she had revealed to me more than i could have imagined. Everything about me and my partner was so true. At first, it was so hard for me to connect to her readings because i wasn't ready to accept, But the more i focused the more i was able to release of the things she asked me to. But today I look back and say that i have felt that just with one reading I let go alot of the negativity and self sabotaging thoughts I have held on to from so long. She is truly Gifted cause every time I get a reading done, she helps me heal from negative patterns and habits which are blockage in our own lives. Every time i fall into negativity which occurs at times still, I let her words speak to me. All is well Anne and All will be more well. I give thanks that I was guided to a very Gifted Healer. She is a truly amazing healer and my heartfelt Gratitude to her for helping me heal and her continuous healing sessions, so i can live my best here. To live in Joy, peace and abundantly. This is my heartfelt testimonial, it feels like i trust every word she tells me. :)" ~ **Anne C, (Canada)**

**Mediumship** ~ "I met up with Shenazz on one of my low days & as we sat for the session, even before I could tell her how I was feeling. She started channelling some messages. She described to me this energy which was in front of me, and she was being told that this energy is very protective of me, loves fragrances, was in red, jovial & happy, had a blunt hair cut, and was fair. And as she was mentioning these detailed descriptions, I knew it was a deceased loved one of mine. I was thrilled to know that this energy revealed itself to her and gave her a message for me to beware of some people in life that are about to enter. Shenazz saw it protecting me with white light at that point in time. It was amazing purely because the details that she gave were very specific like what the energy's likes and dislikes on earth were when that energy was alive on earth. What amazed me most was after the medium ship session got over, I suddenly realized that I had this deceased loves one's picture in my wallet and when I removed it and showed it to Shenazz, Lo Behold! She was wearing a Red Top in that pic, & gracefully smiling in her blunt hairstyle. Shenazz confirmed it was the same face she saw from whom she got messages from me. I thanked the energy for the guidance that was given to me as we ended the session." ~ **Sunny Bhambhani, Mumbai, India.**

Shenazz as u told the deal will be struck at particular rate and it was done exactly at that amount. It was just like a miracle happening to us after so much of struggle going on in life. **Emotional Healing** ~ "I heard about her from a friend and I decided to go and find out who my guiding Angel was. Not only did I find out who it is but a lot more like things that I knew but didn't want to open my eyes to. She started off by guiding me towards the Angels and now Angels and they both are my support when I think I have nowhere to go. I remember her words she wrote to me. That I'm reaching the tunnel end and will soon see the light!! This makes me not give up. Sometimes I feel disconnected from her and them, and simply can't concentrate. And then after calming myself down I see clearer how they guide me. It's a beautiful experience that you've taken me through Shenazz!!" ~ ♥ **Princess P, UAE (alias)**

**Aura Reading** ~ "My Aura Photography Reading in Nov 2011 was quite an experience, Shenazz told me things which have always been on my mind and some more for which I needed guidance & implementation.  
She told me that my guides were around my head area, which is true as I most often feel a sensation around that space and have been confirmed this by my guides too. Apart from that what I was shocked to hear a message from her, That I need to be more lovingly Assertive in my actions and words. This was told to me a few days back via a Divine message. I am not a person who is very assertive, but after the reading have started practising to be one. Another revelation was the gateway around my third eye, being tuned myself to the other world; She showed me the area which looked like wings/gateway around my third eye. It was very prominent in the Aura photography. Also the layer of emotional guilt that I needed to release from this lifetime and from my past lifetimes was shown to me too. What was most interesting was she saw people trying to attack me psychically around my aura space, and thank fully warned me against them & her descriptions regarding them were bang on right. She also mentioned to me a deceased energy that wanted to communicate with me, as she saw that energy in my auric field. And again her description of that energy was someone with whom I had interacted earlier also. She guided me through it correctly and also told me about some more imbalances in my certain chakras like the root and solar. What the reading also did was it unearthed a lot of emotions that were rooted deep within me and those that I didn't want to confront. By bringing them to the surface and making me aware of it, I could now know the reasons to why they existed and work around it to heal them completely.

**Physical Ailment Healing** ~ "Dear Shenazz, Thanks to your Angels & You, the positive and miraculous news that came a few days ago regarding my mother in law's recovery from Cancer, makes us all so much more grateful and firm in our faith in God and the Angels. The healing sessions you have done on her over the past few months have given her immense strength, practically a personality change to a great extent. And with this great news of her healing, her faith has increased multifold. Just like in the MRI room, even during this PET scan, she thought of you and prayed to the Angels, and her worry and shivering were instantly gone. The way the past few days, you have been communicating channelled messages to me at the same time as I/family have been pondering upon that very same thought at that moment. Almost like the answer came the same time as the question. Your house healing / cleansing session has also improved the vibes of my home and beautified it. We pray that you always remain pure in your mission to help mankind, successful in channelling spirituality and healing into the people of the world. God Bless, Jai Baba, Amen :) ~ **Prashaant Kumar, Mumbai, India**

**Physical Ailment & Emotional Healing** ~ "I had heard a million times that God does everything for a reason. I experienced it over the last few months. The angels were calling me. I met Shenazz for the 1st time through a cousin who even she didn't know existed, at the time when I needed Gods' help the most and was praying hard for my Mother to survive because with all that we did for her, we didn't know what had caused her to be in semi coma for 3 weeks. Kept the faith! Prayed to the Angels as guided by Shenazz while she continued Personal Healings for Mom. Finally got my mother back home & the Most Amazing part that awakened me to this whole phenomenon was the details that Shenazz gave about Moms condition & Mom seeing & recognizing Shenazz as the "friend who was praying on her" when she met her post gaining consciousness, even without meeting her before. Thank you Shenazz for healing my mom and asking the Angels to help me & my family too in keeping the faith! Curious about experiencing the magic, I attended the weekend workshop on 30th April and 1st May. My faith was reinstated! Felt changed, so Asked the angels to show me they care, they did, wanted them to give me a sign they were listening to me and were around, soon I saw a white feather on my window within an hour..Thank you Angels!! Looking forward to a new and Empowered, Improved Me. Thank u dear Shenazz for just being there for me. Much love" ~ **Pooja Sunil Behl, Mumbai, India**

**Angel Reading** ~ I regularly do readings with Shenazz & once she called to give me a channelled message which said, "**All will be well and no one can harm anyone of you. And I should stop all worries.**" I had been going through an exceptional bad spell in my relationship and my whole family is shifted to Mumbai and the extreme stress was killing me. I was having constant migraines and there were too many loose ends which refused to seal.

This was increasing my anxiety and I was constantly praying for release from stress. Shenazz sent me the affirmation to do for the message she got, and by the end of the day I was feeling calmer and definitely at peace. Next day suddenly 2 of the news I was hoping for came through. Happy Tidings. My husband also suggested we take a weekend holiday and along with my kids, we had a very peaceful happy weekend. What a burden off my shoulders. Almost every day I get a sign from the Angels that they are watching over me and I am convinced that the affirmations & prayers are making me a better and a more confident person. My counsellor too was surprised as she noticed and acknowledged that I have become more confident and I have more control over my emotions. I don't cry very easily anymore and I am able to deal with nasty people in a very calm and brave manner & don't think I will need a counsellor anymore.

Love the angels and Thanks to them Life is suddenly worth living. Thanks to Shenazz for introducing me to the lovely Angels. Shenazz is my own Sparkling Guardian Angel. God Bless. ~ **Simin Mckinns, Expat, Mumbai, India**

**Physical Ailment Healing** ~ "Dear Shenazz, I wanted to thank you profusely for the positive healing you have brought upon my mother in law, and in many ways, my life. You very well know that she is going through a major test, as are we all with her, in her advanced stage of cancer. She and all of us are witness to the power of your Angel therapy, Reiki and meditation. She feels incomplete without your weekly visit. You have helped her pour her heart out through your sessions, which, as you said is one of the causes of her illness (suppression). It's now been a month and she is recovering, healing, both physically and spiritually. Three days ago she experienced a major bout of back pain which triggered even the cancer specialist to prescribe an MRI of the lower back.

Your healing session that night empowered my mother in law to the point where the pain was gone in the morning sans painkiller, and the MRI has relieved us to a great extent too. To add to that miracle, just this morning you told me not to worry about her Sonography results, and that the MRI will all go well, within an hour, my wife came into the bathroom while I was showering to tell me that the doctor said the cancer is clearing, the inflammation is less, she is responding well. :)))

My father in law called to tell me the biggest miracle he heard & saw that Mom in law who is a claustrophobic & can't be peaceful in an MRI not only went through the whole thing, but came out screaming with Joy, saying that she saw you present with her while inside the MRI, praying upon her. We just smiled & comforted her & thanked the Angels for all that is being done for her. May God give you the strength and light to continue to help people, may God and your Guardian Angels always bless you with great health, wealth, happiness and divine light." ~ **Prashant Kumar, Mumbai, India.**

**Angel Reading** ~ I am Suzanne from NYC, married to an Indian and I'd like to share my lovely angel intervention experiences, via my own sparkling angel Shenazz who I've been taking guidance from since sometime. One morning last month, Shenazz sent me a message, asking me to take extra care of my gold.

I am a person who is not very fond of collecting or wearing much gold but yet, Shenazz's warning definitely shook me up and I locked away even the remaining small amount of gold

I had with me. Roughly about 10 days after the first message regarding the gold; Gold actually came my way, when my husband returned from a Business trip to UAE. There he picked up a set of beautiful gold bracelets for me. I was shocked. This was the first time my husband had bought something that expensive for me. It was just the Angels way of informing me about my windfall :)) and to take care of it. With several such messages through my readings & otherwise, I now await to hear if Shenazz has more messages for me. ~ **Suzanne Berth, Bangalore, India**

**Manifestation Healing** ~ "Hi Shenazz, finally reached Columbus. Just wanted to thank you for your support and guidance in helping me keep the faith. Getting my passport back in time was truly a miracle. Thank you and thank you Angels. Lots of love." ~ **Sangeena Sharma - Mumbai, India**

**Angel Reading** ~ "We hear the lines Guardian Angels, Earth Angels, "Sparkling Angels" came to me just like that. Sometimes we don't know what troubles us deep down. Would like to tell you how Shenazz and her healing helped me find the way to dormant seeds of discomfort and pain, finally helping me with Forgiveness towards myself and ones who hurt me. I feel free and at peace now. Thank u Shenazz for the guidance and for being my Earth Angel. Many Thanks to my Angels & Divine Beings for bringing me to my Source. Much Love and Light." ~ **Vibha Pahwa, New Delhi, India**
