### WORKSHOP TESTIMONIALS

“After the workshop, what it has done to me, apart from healing, and releasing. It has made me become more aware. Awareness of my soul path, of karmas in my life, of the bigger design of life.. And that is the awakening of every person on earth. The workshop intends to and manages to make you love yourself before you can spread the love to others. It makes you have the abundance of everything self love, self worth etc. For you to be a channel to bring it to others in their work spaces or in other lives through your association with them. Shenazz manages to create a ripple effect. Where whoever heals himself through it. Starts healing other whom he or she comes in contact with after the workshop. And that ripple healing effect is for the betterment of humanity and for the betterment of the world for a better tomorrow. Bless this soul for the work she is doing, and more power to her in the years to come for her soul journey ahead. Love from one soul to the other to create not only spiritual abundance in her life but also in the lives that she touches through these workshops and the other lives that are affected by hearing of these workshops. May be someone right now reading this is already on the process of being healed and would be guided to take his/her inner calling to take her workshop and move independently on their soul journey ahead. You make "Shifts" Happen to people who meet you just once. Those Shifts that has probably been the soul's calling for years. Blessed Be. God Bless! Ameen!” ~ **SPARKLING ANGEL SUNNY BHAMBANI, MUMBAI**

“I would like to thank you Roshani, for an amazing and unique experience that impacted my life in a wonderful and incredible way. Thank you so much for your heart, for sharing your life and the divine love, with us and for allowing us to experience together, the miracles of these wonderful beings, the Angels. I am very happy and grateful that I’ve learnt to reconnect with their beautiful energy, that I’ve learnt to listen to their messages and guidance, to ask for their support and I am so excited that I now know how to use it in my own life, as well as in the lives of my dear ones. Thank you as well for sharing with us their wisdom and for teaching us the most important lesson that – we are **not** the doers and that we must let go of the ego. Is so easy to get carried away

and looking around there is a lot of competition and so many of us trying to prove we are better than the others, but in reality we are **channels** of love and light and we can only use our skills and gifts to help ourselves and others. This understanding helps me move on one more step in my life's purpose. Thank you for being the source J Love, light and blessings to u my dear angel. ~ **SPARKLING ANGEL MARIA SUFLET, DUBAI, UAE.**

“Although I was always connected to Angels after doing the Empowerment with Angels cum Angel Practitioner Level 1, I could certainly feel a huge change and shift in energies. I became more intuitive and could see the signs and hear the messages more clearly from the beloved Angels. One of the clear signs was after the course the following day when I walked in my salon I saw a beautiful white feather perched on the bedside, I was surprised as the place had been shut down and no one had opened it for a couple of days. Thereafter, many such incidents have occurred & Angels surprise me lovingly with their presence. This course has helped me to connect with my Angels better and with more clarity and trust. I have also been able to shield myself from lower energies and ground myself. All these guidance and Divinity tools were taught to us by **ROSHANI Shenazz**, I am deeply thankful and grateful to her for imparting her knowledge and love to us. I certainly recommend to all those who are interested to do the Workshops. It Will change your life. Love & Light ~ **SPARKLING ANGEL OMEERA D'LIMA, MUMBAI**

“I met Roshani Shenazz two years ago, it was funny how we came into contact. I am a working actor & entrepreneur and am in the process of writing some scripts to produce into a feature film. I was networking on LinkedIn, and was due to go to Mumbai for a personal trip. I thought, I would meet up with some industry professionals to help me on my scripts. I somehow stumbled onto Her profile and sent her a friend request. Soon enough, she accepted and our meeting took place in Mumbai. One thing that caught my attention when I had added her was that her profile also mentioned Angel Therapy. Angel Therapy or Healing is something I didn't know much about, but strangely had received a book from a good friend in the US a few months ago, that got me reading about Soul Regression and Past Life Therapy, one book led to another and soon enough, I had read quite a few books on the subject. The topic of Angels had been mentioned, but not in great depth, but they had definitely peaked my curiosity. I found myself spiritually drawn to contact Roshani Shenazz, and funny enough she too came across very friendly and warm. From our first meeting, we hit it off right away. I could feel a closeness or bond to her, that seemed strange given that I didn't know her till then. During our meeting she mentioned that she would be looking at coming to Dubai and hosting her workshop there, and that I would be an integral part of it somehow. Soon enough, Roshani Shenazz announced she was coming, I invited her to stay with us and in the process even got inclined, drawn & attended the Angel Workshop & another

one immediately called “Trigger to Tripper”. The Angel Workshop was my first contact with Angels. It was an experience I will never forget. The entire workshop was a weekend that I will recall for a long time. The hustle and bustle of the world came to a complete stop in those few hours that we attended the workshop. We were suddenly in touch with our inner selves. Although, we never quite could understand the complexity of the Divine, it almost felt like Roshani Shenazz was holding our hand and taking us closer to the Divine. The information that was revealed to us was very reaffirming to the fact that the Divine was with us and in us at all times. The guided meditations were an experience I will never forget. If everyone could be given a chance to see that within us lies all the answers to the puzzling questions we all seek. If mankind looked within, they would solve 100% of the world's problems. We all realized how complex we have made this world, when the real answer is truly so simple. All I can say is that through Roshani Shenazz we were introduced to the world within, the world of true non-doubting resolve and admiration for the Divine. For love cannot be conditional in any form. That was the only time in my life that I saw 11 strangers connect within minutes of our first meeting. We saw 10 people guided by one all united by the search for the Divine. Roshani Shenazz acted like a beacon of light transferring information with ease and love. I know that I will go on to do many more workshops with Roshani Shenazz and help her in her drive to help others. No one can hide the Light from within, its blaze will shine right through once the darkness is wiped away. Love & Light to all. ~ **SPARKLING ANGEL RAJEEV DASWANI, DUBAI, UAE.**

“Dear friends I would like to give thanks to Roshani Shenazz my mentor with whom I learned the Angel Therapy. I had a few experiences before the course, but was not aware about that until I did this workshop. Now I have become aware about the signs and signals from the Angels. I feel a deeper contact with the Angels after this course. Once after the workshop, I had locked my house as usual, and I was waiting for the lift. Suddenly the Angels reminded me to take my id card, when I opened the door, They drew my attention to the geyser that was on, I couldn't imagine what would have happened to my house, if they didn't have remind me of the id card, which is usually in my purse, but that day somehow was on the study table. Another difference I found is, that, I'm a little short tempered person, I lose my temper very soon, I had some issues in the office and the entire office was against me including my team leaders my managers and others. I had put down my papers as well. I spoke with Roshani & she said these were my tests, and not to put in the papers, there is a helping person soon going to surface. During that time there was a new Ops manager and he took my side and resolved all problems, the magic is that, which I saw much later, that he had a permanent tattoo on his forearm of Angels wings, once again my Angels showed their

presence in my life with the evidence, and I felt that they also said in my ears that we are here in his form, and if my mind mistrusted that, I should just look at the wings ☺

“Angels my dear dear Angels what do I say about the wonderful god sent sweethearts who love you selflessly. More so when you meet a healer friend teacher psychic all rolled into one. **ROSHANI Shenazz**, I met this dear lady in November 2011 as I needed guidance, while going through troubled and very hassled personal issues. How wonderfully She and her dear Angels guided me. There was this message that I would get more intensely involved in my artistic pursuits and MUSIC would be a major part. I was bit stunned as I used to learn music and sing for jingles and chorus music about 20 years ago, and thereafter couldn't pursue due to family commitments n marital problems. But I continued as a voiceover artiste though to keep my passion alive. Then there was a gap of almost 5 months and during these months kept getting small offers to sing. It was a bit weird as I had given up singing. I requested all the Angels to keep my voice in tune and then the workshop happened on in April 2012. It was the most enchanting and a wonderful experience as each time Angel guidance kept coming from dear Shenazz it said, career transition, take the leap soar high etc. Miraculously the very first day within 2 hours of our first Cleansing meditation I got a call from someone who was to introduce me to my Singing Guru (Mentor) as I had a strong desire to get back to music & singing by now. The 2nd day my meeting got fixed. During these two days it was as though my Angels got me close to my calling. The intense cleansing through Her Channelled Meditative Healings, and letting go of emotional baggage just made me feel so much lighter. Ever since I have been bumping into Angels in stores on the streets, feathers keep dropping, see a lot of butterflies, etc. The best part Healing Transition is that, my relations with my parents have become normal again. The entire cord cutting has sorted out the strain in relationships. My hubby has been a great support. In fact a lot of unknown factors have come out in the open. People with negative mindset automatically moved away. Strange but true I am surrounded with likeminded people.

In the beautiful 21 Days Cleansing that She's given us, the Angels have already started appearing in my meditations. I thank you so much ROSHANI Shenazz for your kind guidance..look forward to learning more about Angels from you. Love & Light ~

“Skeptics that we humans are, I too was initially contemplating on changing my Spiritual Teacher and finding new courses and different perspectives. But then as they say, "there are no coincidences or chance meetings in life but a deeper Connecting Principle" that operates at a higher consciousness level enabled me to be divinely guided and

specifically cull out **ROSHANI Shenazz's** name from all the rest I saw or heard from so many people. I am grateful and glad I attended the Level 1 Angel Practitioner Course and would like to personally thank Her, for opening the door to so many miracles in my life. AAHHHHHHH! I can see clearly now that the junk in my trunk is moving out! Brighter eyes, calmer energy, more focused and less stagnancy, elevated thoughts etc. I don't know how She does and, nor does it matter. I am just so grateful to have met Her. I feel healthier, more mindful, ambitious and full of life. Thank you for making my soul shine and smile again. I recall Her teachings everyday & it brings such powerful wisdom to my path. She made the change that brought me back to life. My dreams are alive and I am back on my sacred spiritual path I felt I had moved away from. I believe She is a being that lives in truth and awareness willing to give what it takes to make that significant healing difference in people's lives. She has started me on a spiritual journey that excites me every day. I believe now in implicit unconditional Faith, Divine Timing, that every cloud has a silver lining, that my Creator and I are one and thus manifesting anything I want is possible if it is for my highest good, within my soul lessons as they are meant to be and in the power of visualizations and affirmations we learnt in the Workshop, that have made deep imprints on my subconscious. I Dil se thank ROSHANI Shenazz, for devoting Her life to healing, for caring and for being Her. This is just a small testimonial as felt by me. After the Workshop, I found lots of changes in me. I have never felt inner peace as I am feeling now. My way of looking the world has changed. It bothers me no more. I deal with special people and my Inner Divinity now helps me in dealing with them Better, helping me to move towards healing them on a deeper level. Thanks for Everything **ROSHANI Shenazz. ~ SPARKLING ANGEL ROSHAN S. IRANI, MUMBAI**

I always had a curiosity for TAROT/ANGEL CARD and other Readings. I met Ma'am at the NSE Exhibition in December 2011 and for the first time saw an ANGEL BOARD at her counter that attracted my attention. Little did I know that she was MY NEW ANGEL in Life. After Her GUIDANCE at the Workshop my life has very much benefited. With many Channelled Healings & Knowledge which is not from only Books that are available, I felt the 2 days of the Workshop was like a Soul Calling. The Cord Cutting Healing helped me alot. During the powerful 21 days cleansing that Ma'am gives us to do after the Workshop, I experienced that whenever I invoked the Angels I miraculously found Feathers come around me. I feel blessed by my DIVINE ANGELS. There are so many patterns in me that are seeing a Change. I am being the True Person that I am and moving away from all lower emotions gradually. My Inner channels to hear & experience the Angels have grown multifold by the infused energies at the Workshop. I

feel each and every one of us, as Ma'am says, should reach out to our own Divinity & that is what She helps us to do. The workshop on Angels that I attended proved to be a different experience. It gave me time space and ways to work with my inner space. I have been into healing arena from almost a decade. The Workshop clarified exactly what I should and should not do. The process of trusting inner images, began there. With my busy schedule I had not gone inwards for a long time. Thanks and loads of Love and Light for whatever you do **ROSHANI Shenazz**. My resolves are firmer and clearer now. ~ **SPARKLING ANGEL SONNAL PARDIWALA, MUMBAI**

“The two things that make life worthwhile, given all ups and downs, are happiness and peace. And that's the most important things I did learn here - to be happy and to be at peace. Sometimes changing the tiniest and the most basic things in your life makes you realise how big miracles aren't required for a better, happier life. Someone as positive as Roshani Shenazz can only drill more life into you and take you closer to the real self that you are. One of the things she said (among many others) which will stay with me for life is 'Spirituality isn't about following any religion or God or book, Spirituality is every word you say!' The two days at the workshop are only a kickstart to a life full of wonders and a life that you want! So much unlearning and learning is hard to capture in a few words, so I'd only say 'Be there, experience it, See the change'. Thank you Roshani Shenazz and thank you Angels! Love and Light. ~ **SPARKLING ANGEL PRIYANKA VENU, MUMBAI**
